

The **Ambient Assisted Living Joint Programme** is a joint research and development (R&D) funding programme implemented by actual 20 European Member States and 3 Associated States with financial support of the European Community based on article 169 of the EC treaty.

For each participating organisation **national participation rules will be applied**, i.e. an Austrian partner will be administratively managed by the Austrian funding agency, a Danish by the respective Danish agency and so on. Only a minimum set of rules are set on the central level. These comprise e.g. a few common eligibility criteria (e.g. three AAL Partner States must be involved) and the evaluation criteria (see [call text](#)). As the AAL Joint Programme is new and due to its nature complex to understand, any interested proposer is kindly invited to

send this form (in English) for feedback to any

[national AAL contact person](#)

(press “Control” key + click on the link to access the contacts list on the AAL website).

Please note:

This pre-proposal check is offered by representatives of the AAL Joint Programme. By submitting your short project description to any of the AAL national contact persons, you agree that these might distribute it among the other AAL national contact persons in order to exchange views and to provide better feedback. The submission of a short project idea description must be made by 21 July 2008 at the latest.

AAL representatives will reply by phone call or by electronic mail giving a short feedback to this pre-proposal. The feedback does not constitute in any respect a pre-evaluation of a proposal in terms of its quality. The advice given is strictly informal and non-binding. The advice provided through the pre-proposal check does not in any way engage the AAL Joint Programme representatives with regard to acceptance or rejection of the proposal when it is formally submitted at a later stage.
