1. Call AAL-2014

This report presents statistics regarding submitted and ranked proposals in response to the first call under the Active and Assisted Living Programme entitled "CARE FOR THE FUTURE: An Ageing society faces an increasing need for care, how will ICT contribute to sustainable solutions?".

The call deadline was on 26 June 2014 with an indicative total funding of 33,832,000 € that was committed by 22 national funding authorities from 19 AAL Partner States and the European Commission.

A total 97 proposals are eligible for the evaluation in this call and 56 of them constitute the ranking list, i.e. these were positively evaluated by independent experts. Funding budgets under the AAL Programme are reserved for organisations residing in the country that committed the funding, and thus, the outcome of the evaluation process does – very likely – not match the available national budgets in an optimal way.

On the basis of the ranking list a budget optimisation process is conducted that reflects the availability or scarcity of national funding budgets. This process will lead to changes in the composition of the consortia of ranked proposals. At the end of this process, a funding list is compiled which is the list of proposals with whom the negotiations will be started if the AAL General Assembly approves the list.
