Sustainable Smart Solutions for Ageing well

The 2019 Call of the Active and Assisted Living Programme

The aim of this call is to support innovative, transnational and multi-disciplinary collaborative projects to improve the quality of life of older adults in Europe through digital solutions.

TWO TYPES OF INSTRUMENTS

- Collaborative Projects (up to 3 years, substantial testing, strong commercialisation strategy and short time to market)
- Small Collaborative Projects (between 6 to 9 months, max. public contribution of 300.000 and leaner application & reporting process)

Applications areas covered by AAL Call 2019

HEALTH & CARE	MOBILITY & TRANSPORT
LIVING & BUILDING	WORK & TRAINING
LEISURE & CULTURE	SAFETY & SECURITY
VITALITY & ABILITIES	INFORMATION & COMMUNICATION

Source: TAALXONOMY (Synyo, University of Innsbruck, Eurac)

The call will provide funding to collaborative projects, which:

- Are based on a user centric technology development approach
- Demonstrate a clear business development route to market
- Provide real added value for clearly defined end user groups

Consortia

At least 3 AAL participating countries (including at least one end user organisation and one business partner)
