- ✦ Communication & promotion of science

# Support along the entire innovation chain

# Funding for AAL project

- **Beneficiaries :**

- Enterprises (LCs and SMEs)
- Research centers and universities
- End users organizations

- **Eligible costs :**

- Personnel, operational costs, subcontracting, overheads(10% of personal+ operational costs)

- **Type of research funded:**

- Applied research
- Experimental development

# Funding your AAL project-conditions

## Innoviris regional funding rules:

- perform the activities within the territory of the BCR,
- present an innovative project likely to have a **favorable impact** on economy, employment and/or the sustainable development of the Region
- show the ability to co finance your contribution in the project (private companies, associations with economic activities),
- have fulfilled their obligations in the context of previous support initiatives granted by the Region,

# Funding for end users organisations

Associations:

Different level of funding (depending on structural activity):

- Associations funded at 100% or as private companies
- Screening and definition of your association will be done on the basis of annual accounts, statutes of association and legal documents

 Hospitals

 Municipalities
