2. Call AAL-2019

This report presents some statistics on the proposals submitted in the framework of the sixth call of the 2nd phase of the AAL Programmes entitled “Smart solutions for Ageing Well”.

The call deadline was on May 24th 2019 with an indicative total funding of 27,775,400 € that was committed by 21 national funding authorities from 16 AAL Partner States and the European Commission.

For the second time, the call allowed for more flexibility regarding the scope, size and duration of the submitted projects by including a new type of instrument, namely the “small collaborative project”. Consequently, two type of projects will be funded under this call: “collaborative projects” and “small collaborative projects”.

In total, 83 proposals were submitted: 59 collaborative projects and 24 small collaborative projects. one of them didn't match the central evaluation criteria and wasn't admitted to the evaluation phase.

Below is an overview of the numbers (in terms of participants, geographical origin and funding) on the 82 proposals, on the collaborative projects as well as on the small collaborative projects. A more detailed report, with the statistics and numbers of the funded projects after the evaluation, will be produced and published in the last quarter of 2019.
