## FOCUSED ON PREVENTATIVE HEALTHCARE FOR THE ELDERLY

We are revolutionizing diagnostics –  
next generation technology that  
changes the way you approach  
**rapid, on-site testing in Home Care  
and Elderly Care homes.**

Who We Are

## IGLOO PANEL SOLUTION

**Diagnostic lateral flow test (LFT) panels** suited for specific Health Assessments that offer a complete view.

**Intuitive software**, cloud based, that is secure and connected to health record systems

**Next generation quantitative reader** with Lab grade accuracy, portable and fits in your hand.

Project idea

# Looking for

- **Guidance** on how to best approach elderly care health practitioners
- Seek out healthcare partners for **pilot opportunities**
- **Support and funding** to help realize the optimal proposition to support Home Care and Elderly Care homes
- **Engagement with key associations** (medical and Elderly Care) and government organizations to best meet the needs of Elderly care
