

Development and Application of A Bio-Signal Monitoring System for the Elders with Sarcopenia

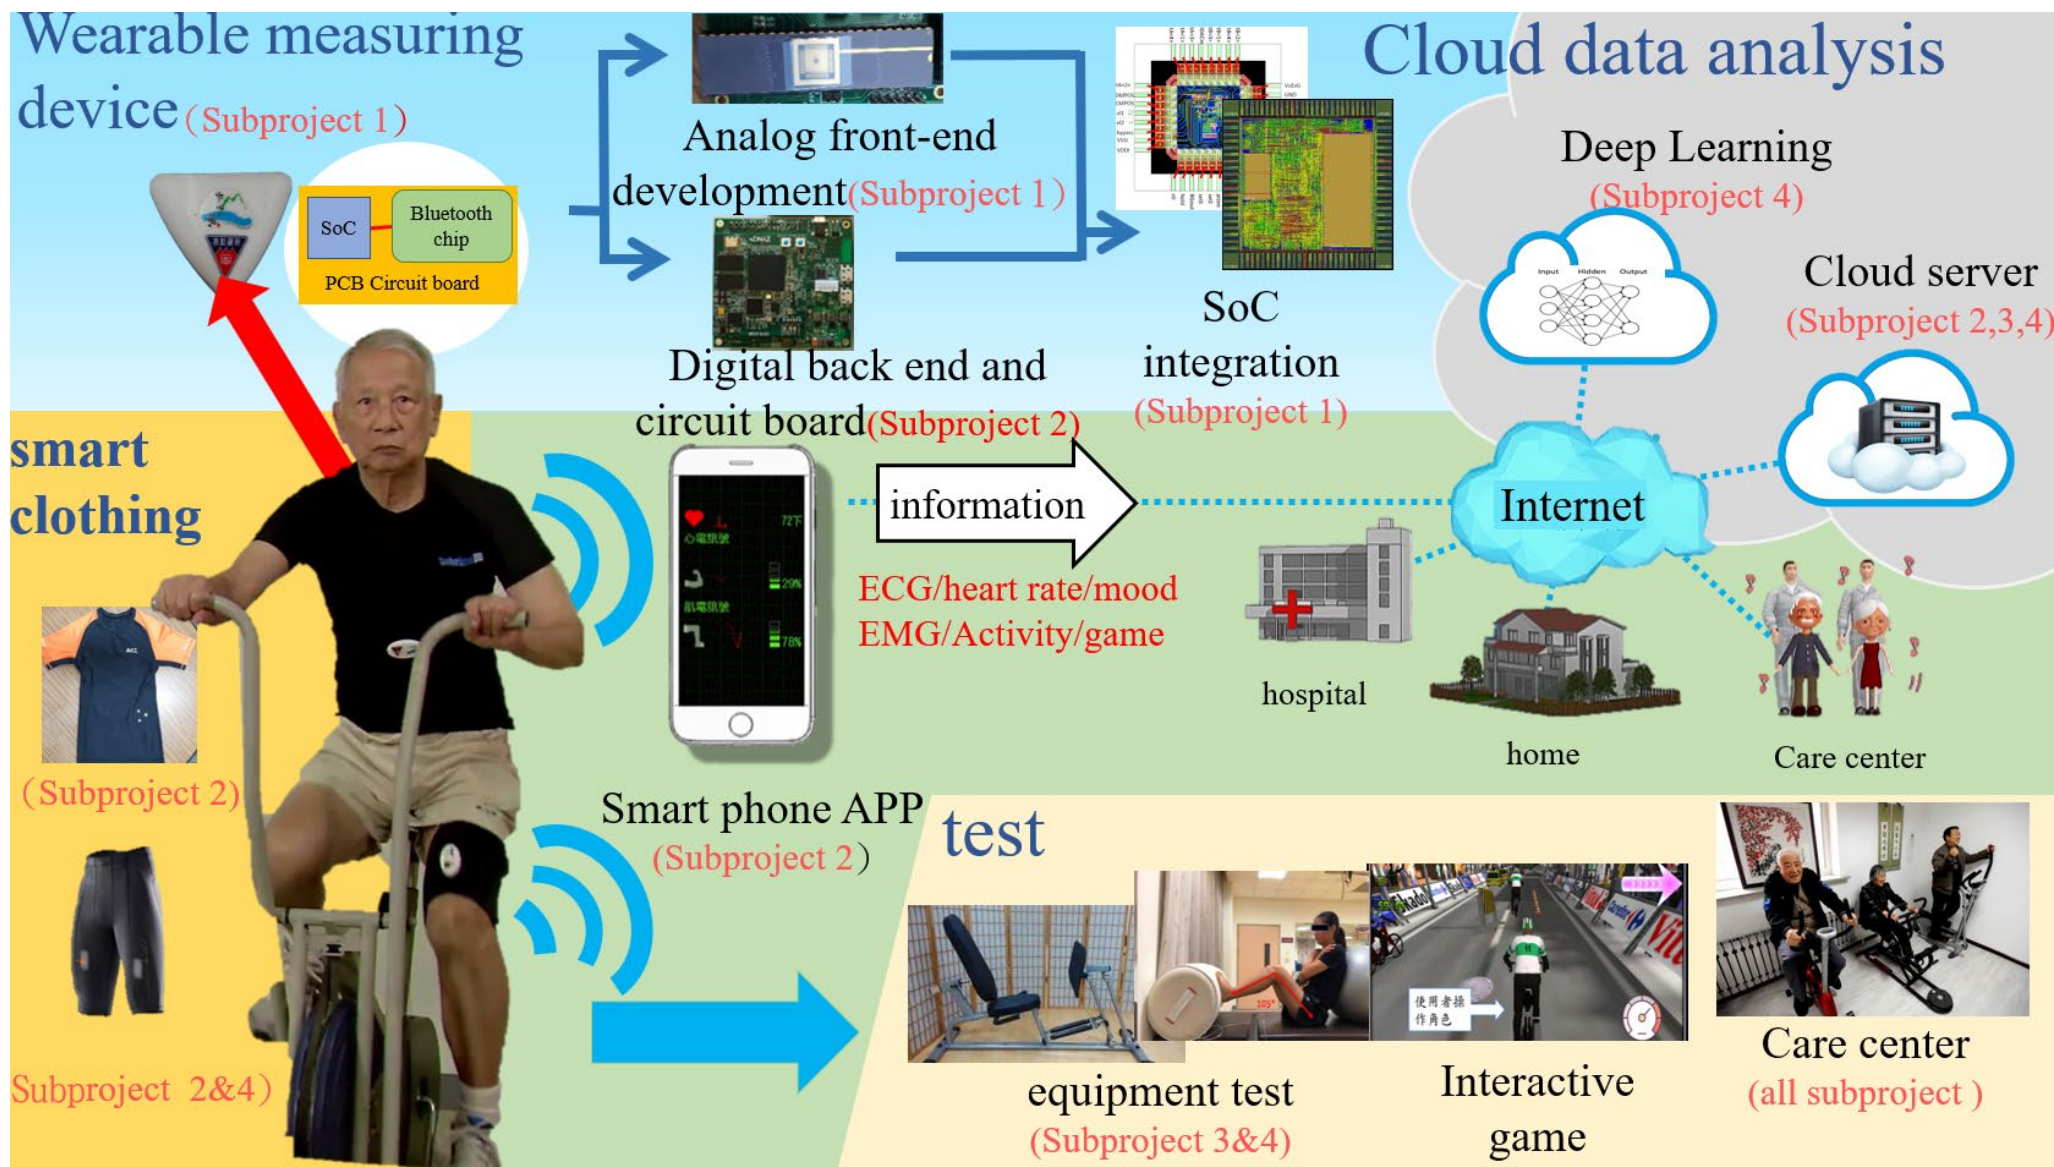

Lan-Yuen Guo
yuen@kmu.edu.tw

- Subproject 1: Development of Integrated Wearable ECG and EMG Sensing System, Ko-Chi Kuo (NSYSU)
- Subproject 2: Integration of Hardware and Software for Bio-Signal Monitoring, Ing-Jer Huang (NSYSU)
- Subproject 3: Development of Smart Neuro-Muscular Function Precision Training System, Lan-Yuen Guo/ Li-Chun Liaw (KMU)
- Subproject 4: A New Approach to Enhance Precision Physical Training Program: The Application of ECG and EMG Feedback System, Wen-Lan Wu (KMU)
